5 M. Smith

Wasatch Peak Academy Technology Usage Form

I, _____ (student name), have been granted the privilege of using a Wasatch Peak Academy computer/tablet, Office account, and Google Apps account.

I understand that in being given this computer/tablet, I've been entrusted with taking care of the computer/tablet and using it responsibly. Here are the six rules I pledge to follow:

1. I will use my computer and all school accounts to *learn*. If I want to socialize online outside of school, I will use my own computer and non-school email address. I understand that I am only to use my school computer/tablet and school accounts for the purposes as instructed by my teachers.

2. I will use my best judgment when searching for online material. Since I'm using this tool to learn, I won't use my computer/tablet to search for or share inappropriate material that's unrelated to the subjects I'm studying.

3. I will respect the online work and privacy of my fellow students. I agree to only open my own files.

4. I will do all in my power to take care of the computer/tablet. I will not drink or eat while using the computer/tablet or place them in the close vicinity of the computer/tablet where any spills could damage the computer.

5. I will return the computer/tablet promptly upon request by the school. Return dates will be authorized by Wasatch Peak Academy's administration.

6. Failure to return the device or returning a damaged device may result in a charge equal to the repair/replacement cost of the device borrowed.

I understand that failure to follow #'s 1-4 above may result in losing computer privileges.

Please sign below to confirm your pledge.
